Skills

- **Languages**: C++, Python, JavaScript, Html & CSS, PL/SQL
- **Frameworks**: Next.JS, React, Django
- **Tools/Platforms**: MySQL, DBMS, ML
- **Soft Skills**: Self-Improvement, Curiosity, Adaptability, Emotional Intelligence, Work Ethic

Projects

- Secure Healthcare Record Management System February 2026
- Designed and developed a **patient-centric healthcare platform** where patients have full control over their medical records.
- Implemented **OTP-based secure authentication** for patients, doctors, and administrators.
- Built a **consent-driven access system** allowing doctors to view medical records **only after explicit patient approval**.
- Developed **time-bound and revocable access permissions** to enhance data privacy and compliance.
- Integrated **audit logs** to track every access request and record view for transparency and accountability.
- Implemented **emergency access workflows** with mandatory logging to ensure patient safety without compromising secur

- **Eda(Exploratory Data Analysis)** November 2023 – December 2024

- Analysed **50,000+ records** to identify trends and patterns in mortality data.
- Cleaned and processed raw datasets, reducing missing/inconsistent data issues by **70%**.
- Created **10+ visualizations** (heatmaps, trend charts, correlations) to highlight key risk factors.
- Extracted actionable insights that improved data understanding and reporting efficiency by **40%**.

Training

- **Exam Invigilation Management – Lovely Professional University** June 2025 - August 2025
- Designed a database system that automated **100%** of invigilator-to-exam scheduling tasks
- Built 4+ optimized relational tables with SQL queries improving data retrieval speed by **30%**.
- Implemented conflict-detection logic that reduced double-booking errors by **90%**
- Generated real-time reports that cut administrative workload by **40%**.

Certificates

- Cloud Computing – by IIT Kharagpur October 2025
- Data Analyst in Python – by Board September 2024
- Digital Marketing – by Coursera June 2023

Achievements

- Participated in national-level / inter-college hackathons.
- Completed structured learning programs from Microsoft Learn, Coursera, or Google.
- Actively contributed to developer communities and technical events.
- Participated in online coding platforms and challenges.

Education

- **Lovely Professional University** **Punjab**, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.45*** *Since August 2023*
- **Rao Pahlad Singh Ser. Sec. School** Mahendergarh, Haryana
  Intermediate *April 2021 - March 2022*
- **Rao Pahlad Singh Ser. Sec. Academy** Mahendergarh, Haryana
  Matriculation *April 2019 - March 2020*
